### FISCAL ANALYSIS

#### ASSUMPTION

**Oversight** notes that the General Assembly has regularly created joint interim committees and that the expenses of those committees have been covered by contingent funds. Therefore, Oversight assumes that costs for the Senate and House members as well as costs to the Senate and House research offices and the Joint Committee on Legislative Research would be absorbed within existing appropriations.

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### DESCRIPTION

This proposal would establish a Joint Interim Committee on Teacher Support, Regulatory Reduction and Accountability. The Committee would conduct an analysis of rules and policies concerning teachers' administrative duties and identify tools, support systems, training, funding and legislation needed to improve Missouri's educational system.

The Committee would report its findings to the General Assembly by January 1, 2005.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space. This proposal would not affect Total State Revenue.
